RE: Individual Fire Alarm Licenses

Dear Corporate License Holder,

Effective August 1st, 2009, an individually licensed technician will be required to be on site any time fire alarm work is being performed. All individual license holders are being issued license cards. These cards should be carried on their person and be presented to the Fire Marshal upon request.

Please visit our website at www.montgomerycountymd.gov/firemarshal for the most current Individual License Applications. All applications must contain qualification documents for the applicant. If no qualification documents are available, please submit a resume. Please do not include payment with your application, it will be requested at the time the license is issued. Please feel free to contact the Office of the Fire Marshal with any questions or concerns.

Sincerely,

Patsy Warnick
Fire Protection Engineer
